5	I believe that several of the new playgrounds that have been built at the Carmichael parks and rec parks are not as fun as the old ones. I am 29 years old. I teach PE and have been a nanny where I take kids to a different park each day. The crazy climbing designs do not appeal to a wide age range. I hope the playgrounds that are picked for the upcoming parks are not all based around climbing.	9/1/2024 9:51 PM
